

PRAYER LETTER CAMBODIA MINISTRY

Thanks for your Partnership & Prayers for the Asuncion Family

"...Labor On, Labor On Until the Close of Day...".....July-Sept 2011

Dearest Loving Pastor and Faithful Church Family,

Saturday! everybody was happy preparing for visitation. We hop in to the multi-cab; we reach the village where boats are floating, witness to the people and inviting them to come to church. This is the place we are having Bible Study and during rainy season the water raise to 3 meters high and reach most of the second floors of these wooden houses. And then, we went to another village, as I turn to an adjacent road on the right a motorcycle with trailer(TUKTUK) came right in front of us and crash to the windshield....Crash....!!!! Praise the Lord! God's divine protection was there. God knows the best for us. We are thanking God nobody was hurt except pieces of broken windshield hit my daughter.

In the month of July, another fruitful month of sowing and bearing precious seeds of God's Word. During this time, there were 32 souls came to know the Lord as Savior. We celebrated also Church Family Day and there are precious visitors raised their hands for salvation. Also, you can always rejoice in God to see the old folks come forward for different decisions.

In the month of August and September another rewarding months of abundant grace and love to share the message of salvation. There were 46 Buddhist souls came to know the Lord. My Family and I and some of our young people attended our National Baptist Youth Camp. We are very excited to see some decisions made. We had also our Daily Vacation Bible Hour both to the youth and children. Most of them came from our 8 Extension classes from different villages. We were encouraged to labor more as we saw most of them responded to the message of Salvation.

In this quarter, the good Lord allowed me to baptized 7 precious believers. Some are Grandmothers and widows. And they are very happy receiving their Certificates of Baptism.

God is doing wonderful things and answering so many prayers. Please continue to pray with us that everything will be in His Perfect Will in the ministry here. We love you all and we praise the Lord for precious Pastors, Friends and Churches that have stood by us, prayed for us and supported us. All we can say is ALL Glory belongs to God!!!! Thank you very much!!!
