

INDONESIA - PASTOR AYON

March 2012

Dear Pastor and Praying Friends,

Greeting you all in the Lord from whom all blessings flow. It's now the first quarter of the year though it seems that 2012 just barely started. How true it is that time flies fast indeed. Yet we thank God for His continuous guidance upon our lives throughout every experience we have. Allow us to share our update in these last two months:

ORGANIZED CHURCH VISITATION: We have strengthened our visitation program. This time members who are willing to join are encouraged to get involved in our church visitation. We do it every Saturday afternoon at 3:00 pm. We have seen twelve participants at the average going every week. We already have new contacts as a result. This has been our efforts towards strengthening our discipleship ministry and evangelism.

Members who are lagging behind are given time and new contacts as well. A young man has been dealt with of his salvation and a young Moslem mother has been witnessed too, to receive Christ. We are seeing new ones coming to our church services. A member working in a car repair shop lately testified that at break time he started witnessing to his co-workers. We praise the Lord for all these responses.

A RETURN VISIT TO THE PHILIPPINES: As of this writing we're in the Philippines and we'll be back early May. Our youngest daughter, Liberty has graduated from Bible College and we wanted to witness this event in her life. She graduated with academic awards for which we thank the Lord for. Our other daughter, Betty is doing well. A month ago she's had surgery and we thank the Lord's for His provision. We are glad we could be around this time and be a help as she

recovers. The other members of the family are doing well. And we thank the Lord for the time that we could spend with them.

We also would like to visit churches while here as we continue to raise fund for our building. We shall attempt to buy the property where we are using for the ministry this year, as the Lord provides. As we are away we're thankful for Bro. Nico, Bro. Sigid and Bro. Daniel for their labours for the work in Semarang. We thank you all for your continuous prayers and support.
