

INDONESIA – PASTOR YAKUB

24 August 2011

Dear Pastor Wee

This is Rina.

Jacob and I are excited about the opportunity to speak with Pastor Wee this morning. As I've said I cannot speak English very well but I can write and an email in English.

Although Jacob and I cannot express our gratitude to God with words but rather Pastor Wee and congregations can capture our gratitude for the love and attention brothers Singapore to us. Once again thank-you because God has used Pastor Wee and congregations to meet the medical needs of my husband.

I've checked in our bank and the bank employee told me that the money had already entered my account since three days ago, ie from the date of August 21, 2011 amounting to Rp 15,100,000.

This afternoon with the money that Jacob will be brought to the hospital to undergo chemotherapy and also further examination of a somewhat weakened heart ... Jacob current development is that every evening he had a fever and the night vomiting and morning headaches ... but he can rest during the day.

Jacob often asked me what kind of Pastor's face. We hope to meet again next time.

In Christ We Trust
Jacob and Rina

January 2011

Dear all,

I would like to publicly thank God for His goodness throughout 2010. I thank God for His provision, protection and providence.

I thank Him for my wonderful wife, and home, and church. I thank God for all my friends throughout this great nation.

Most of all, I thank God for Jesus, my Saviour!!!!!!

I do hope that you all keeping well by His grace. Thanks for your kind prayer and concerns towards me, family and ministry.

I would like to share with you that my health condition is still in treatment. I still follow radiotherapy for some time and progress began to appear. According to the people around me are paying attention to me, including my wife, I rarely make errors ever since I returned from hospital at Kediri. I'm sure that all this is God's mercy.

A few days ago I underwent radiotherapy continued for the second time...although radiotherapy process was difficult and made me feel down, but I am thankful I was getting towards improvement.

Please continue to pray for my follow-up care, especially on 24 January, I must go back to the hospital. I am trusting totally upon God.

I humbly request you kindly continue uphold me and family in your prayers.

HAPPY NEW YEAR.

With regards,

Pastor Yakub Tan
